EXECUTIVE SUMMARY

The examination included a detailed review of United Services Automobile Association, USAA Casualty Insurance Company, Garrison Property and Casualty Insurance Company, and USAA General Indemnity Company private passenger automobile and homeowner lines of business written in Virginia for the period beginning April 1, 2019 and ending March 31, 2020. This review pertained to policy terminations, claims handling, and forms.

The examination was called as a result of the Market Conduct Annual Statement (MCAS) and market analysis. This is the fifth Market Conduct Examination the Virginia Bureau of Insurance (Bureau) has performed of United Services Automobile Association and USAA Casualty Insurance Company. The Bureau has examined the other companies at least once in the last ten years.

The examination revealed violations that were significant. There were 261 total violations in this Report. The bulk of these were the 145 violations found in the claims area, which included three general business practices (GBP). There were 82 termination violations and 34 violations in the forms area.

The Corrective Action Plan (CAP) for terminations requested that the companies retain proof of mailing cancellation notices, mail the cancellation notice to the insured's address shown in the policy, properly advise the insured of the right to review by the Commissioner of Insurance, advise the insured of the availability of insurance through the Virginia Property Insurance Association (VPIA), cancel auto and homeowner policies only for the reasons permitted by the statutes, send cancellation notices to insureds, maintain accurate termination data, and ensure agents retain applications for at least three years.

The claims CAP requested that the companies offer the insured a fair and reasonable amount, make medical expense benefits payments directly to the insured when the company does not have a valid assignment of benefits, and properly represent coverages at issue.

In the area of forms, the companies were advised to use the precise language of the standard automobile forms, have the mandatory standard automobile forms available for use, and use the precise language of broadened automobile forms filed and approved by the Bureau.

Finally, the CAP requested that the companies make restitution of \$37,358.55 to 40 consumers.

SCOPE OF THE EXAMINATION

The examination included a detailed review of the companies' private passenger automobile, motorcycle and homeowner lines written in Virginia for the period beginning April 1, 2019 and ending March 31, 2020. This review included policy terminations, claims handling and forms. The purpose of this examination was to determine compliance with Virginia insurance statutes and regulations and to determine that the companies' operations were consistent with public interest.

This Report is divided into three sections, Part One – The Examiners' Observations, Part Two – Corrective Action Plan, and Part Three – Recommendations. Part One outlines all of the violations of Virginia insurance laws that were cited during the examination. In addition, the examiners cited instances where the companies failed to adhere to the provisions of the policies issued in Virginia. The Other Law Violations portion of Part One notes violations of other related laws that apply to insurers.

In Part Two, the Corrective Action Plan identifies the violations that are subject to a monetary penalty.

In Part Three, the examiners list recommendations regarding the companies' practices that require some action by the companies. This section also summarizes the violations for which the companies were cited in previous examinations.

The examiners may not have discovered every unacceptable or non-compliant activity in which the companies engaged. The failure to identify, comment on, or criticize specific company practices does not constitute an acceptance of the practices by the Bureau.

STATISTICAL SUMMARY

The files selected for the review of the termination and claims handling processes were chosen by random sampling of the various populations provided by the companies. The relationship between population and sample is shown on the following page.

In other areas of the examination, the sampling methodology is different. The examiners have explained the methodology for those areas in corresponding sections of the Report.

The details of the errors will be explained in Part One of this Report. General business practices may or may not be reflected by the number of errors shown in the summary.

PART TWO – CORRECTIVE ACTION PLAN

Business practices and the error tolerance guidelines are determined in accordance with the guidelines contained in the NAIC Market Regulation Handbook. A seven percent (7%) error criterion was applied to violations of the unfair claims handling statutes and regulations. Any error ratio above this threshold for claims indicates a general business practice (GBP). In some instances, such as filing requirements and forms, the Bureau applies a zero-tolerance standard. This section identifies the violations that were found to be general business practices of Virginia insurance statutes and regulations.

PART THREE – RECOMMENDATIONS

The examiners also found violations that did not appear to rise to the level of business practices by the companies. The companies should carefully scrutinize these errors and correct the causes before these errors become business practices.

RECOMMENDATIONS

We recommend that the companies take the following actions:

Termination

- File the SR-26 with DMV within 15 days of the cancellation effective date.
- Maintain evidence of the insured's request for cancellation.
- Change "may collect" to "will collect" in the company's Notice of Information Practices since it is the companies' practice to obtain the claim history and other referenced information on every applicant.
- Delete the private passenger auto Important Notice from homeowner cancellation notices.

Claims

- Document claim files so that all events and dates pertinent to the claim can be reconstructed.
- Document the claim file that all applicable coverages have been fully disclosed to the insured. Particular attention should be given to the MEB coverage, rental benefits under UMPD, and Transportation Expenses coverage.
- Notify the insured, in writing, every 45 calendar days of the reason for the company's delay in completing the investigation of the claim.
- Make all denials in writing and keep a copy of the written denial in the claim file.
- Provide copies of vehicle repair estimates prepared by or on behalf of the company to insureds and claimants.
- Properly represent pertinent facts or insurance provisions relating to coverage(s) at issue.

- Adopt and implement reasonable standards for the prompt investigation of claims.
- Provide convenient access to files, documents, and records relating to the examination.
- Make all payments in accordance with the policy provisions.
- Make UM claim payments under the correct coverage.
- Make an appropriate reply to communications within 15 calendar days.
- Advise insureds that they have six months after the last actual cash value payment to assert a claim for replacement cost with homeowner policies.
- Only state that the deductible was applied with payments where the deductible was actually applied instead of making the statement with every subsequent payment.

Forms

- Correct the wording of the PP 00 01 form to have item C appear as item B on page 23 under Part F: Our Right to Recover Payment.

USAA Casualty Insurance Company, NAIC #25968
USAA General Indemnity Company, NAIC #18600
Examination Period: April 1, 2019 through March 31, 2020

Dear Ms. Spenser:

The Bureau of Insurance (Bureau) has conducted a market conduct examination of the above-referenced companies for the period of April 1, 2019 through March 31, 2020. The preliminary examination report (Report) has been drafted for the companies' review.

Attached with this letter is a copy of the Report and copies of review sheets that have been added, withdrawn, or revised since April 16, 2021. Also attached are several technical reports that will provide you with the specific file references for the violations listed in the Report.

Due to the number of Virginia insurance law violations cited in the examination, I would urge you to closely review the Report. Please provide a written response. The companies do not need to respond to any particular item with which they agree. If the companies disagree with an item or wish to further comment on an item, please do so in Part One of the Report. Please be aware that the examiners are unable to remove an item from the Report or modify a violation unless the companies provide written documentation to support their position. When the companies respond, please do not include any personal identifiable or privileged information (names, policy numbers, claim numbers, addresses, etc.). The companies should use exhibits or appendices to reference such information. In addition, please use the same format (headings and numbering) as found in the Report. If not, the response will be returned to the companies to be put in the correct order. By adhering to this practice, it will be much easier to track the responses against the Report.

Secondly, the companies must provide a corrective action plan that addresses all of the issues identified in the examination, again using the same headings and numberings as are used in the Report.

Thirdly, if the companies have comments they wish to make regarding Part Three of the Report, please use the same headings and numbering for the comments. In particular, if the examiners identified issues that were numerous but did not rise to the level of a business practice, the companies should outline the actions they are taking to prevent those issues from becoming a business practice.

Finally, we have attached an Excel file that the companies must complete and return to the Bureau with their response. This file lists the review items for which the examiners identified termination overcharges and claims underpayments.

The companies' response and the spreadsheet mentioned above must be returned to the Bureau by September 27, 2021.

After the Bureau has received and reviewed the companies' response, we will make any justified revisions to the Report. The Bureau will then be in a position to determine the appropriate disposition of the market conduct examination.

We look forward to your reply by September 27, 2021.

EXECUTIVE SUMMARY

The examination included a detailed review of United Services Automobile Association, USAA Casualty Insurance Company, Garrison Property and Casualty Insurance Company, and USAA General Indemnity Company private passenger automobile and homeowner lines of business written in Virginia for the period beginning April 1, 2019 and ending March 31, 2020. This review pertained to policy terminations, claims handling, and forms.

The examination was called as a result of the Market Conduct Annual Statement (MCAS) and market analysis. This is the fifth Market Conduct Examination the Virginia Bureau of Insurance (Bureau) has performed of United Services Automobile Association and USAA Casualty Insurance Company. The Bureau has examined the other companies at least once in the last ten years.

The examination revealed violations that were significant. There were 274 total violations in this Report. The bulk of these were the 154 violations found in the claims area, which included five general business practices (GBP). There were 86 termination violations and 34 violations in the forms area.

The Corrective Action Plan (CAP) for terminations requested that the companies calculate return premium properly, send cancellation notices to insureds, retain proof of mailing cancellation notices, mail the cancellation notice to the insured's address shown in the policy, properly advise the insured of the right to review by the Commissioner of Insurance, advise the insured of the availability of insurance through the Virginia Property Insurance Association (VPIA), cancel auto and homeowner policies only for the reasons permitted by the statutes, provide convenient access to files, documents and records requested during the examination, and ensure agents retain applications for at least three years.

The claims CAP requested that the companies offer the insured a fair and reasonable amount, properly make payments under the Medical Expense Benefits (MEB) coverage without improper reductions, make payments directly to the insured when the company does not have a valid assignment of benefits, properly document the claim file, provide a copy of the homeowner estimate to the insured, and properly represent coverages at issue.

In the area of forms, the companies were advised to use the precise language of the standard automobile forms, have the mandatory standard automobile forms available for use, and use the precise language of broadened automobile forms filed and approved by the Bureau.

Finally, the CAP requested that the companies make restitution of \$35,240.78 to 38 consumers.

SCOPE OF THE EXAMINATION

The examination included a detailed review of the companies' private passenger automobile, motorcycle and homeowner lines written in Virginia for the period beginning April 1, 2019 and ending March 31, 2020. This review included policy terminations, claims handling and forms. The purpose of this examination was to determine compliance with Virginia insurance statutes and regulations and to determine that the companies' operations were consistent with public interest.

This Report is divided into three sections, Part One – The Examiners' Observations, Part Two – Corrective Action Plan, and Part Three – Recommendations. Part One outlines all of the violations of Virginia insurance laws that were cited during the examination. In addition, the examiners cited instances where the companies failed to adhere to the provisions of the policies issued in Virginia. The Other Law Violations portion of Part One notes violations of other related laws that apply to insurers.

In Part Two, the Corrective Action Plan identifies the violations that are subject to a monetary penalty.

In Part Three, the examiners list recommendations regarding the companies' practices that require some action by the companies. This section also summarizes the violations for which the companies were cited in previous examinations.

The examiners may not have discovered every unacceptable or non-compliant activity in which the companies engaged. The failure to identify, comment on, or criticize specific company practices does not constitute an acceptance of the practices by the Bureau.

STATISTICAL SUMMARY

The files selected for the review of the termination and claims handling processes were chosen by random sampling of the various populations provided by the companies. The relationship between population and sample is shown on the following page.

In other areas of the examination, the sampling methodology is different. The examiners have explained the methodology for those areas in corresponding sections of the Report.

The details of the errors will be explained in Part One of this Report. General business practices may or may not be reflected by the number of errors shown in the summary.

PART TWO – CORRECTIVE ACTION PLAN

Business practices and the error tolerance guidelines are determined in accordance with the guidelines contained in the NAIC Market Regulation Handbook. A seven percent (7%) error criterion was applied to violations of the unfair claims handling statutes and regulations. Any error ratio above this threshold for claims indicates a general business practice (GBP). In some instances, such as filing requirements and forms, the Bureau applies a zero-tolerance standard. This section identifies the violations that were found to be general business practices of Virginia insurance statutes and regulations.

PART THREE – RECOMMENDATIONS

The examiners also found violations that did not appear to rise to the level of business practices by the companies. The companies should carefully scrutinize these errors and correct the causes before these errors become business practices.

RECOMMENDATIONS

We recommend that the companies take the following actions:

Company response: The companies are reviewing all recommendations and either have or will make any necessary changes where appropriate.

Termination

- File the SR-26 with DMV within 15 days of the cancellation effective date.

- Maintain evidence of the insured's request for cancellation.
- Change "may collect" to "will collect" in the company's Notice of Information Practices since it is the companies' practice to obtain the claim history and other referenced information on every applicant.
- Delete the private passenger auto Important Notice from homeowner cancellation notices.

Claims

- Document claim files so that all events and dates pertinent to the claim can be reconstructed.
- Document the claim file that all applicable coverages have been fully disclosed to the insured. Particular attention should be given to the physical damage deductible, MEB coverage, rental benefits under UMPD, and Transportation Expenses coverage.
- Notify the insured, in writing, every 45 calendar days of the reason for the company's delay in completing the investigation of the claim.
- Make all denials in writing and keep a copy of the written denial in the claim file.
- Provide copies of vehicle repair estimates prepared by or on behalf of the company to insureds and claimants.
- Properly represent pertinent facts or insurance provisions relating to coverage(s) at issue.
- Adopt and implement reasonable standards for the prompt investigation of claims.
- Provide convenient access to files, documents, and records relating to the examination.
- Make all payments in accordance with the policy provisions.
- Make UM claim payments under the correct coverage.
- Advise insureds that they have six months after the last actual cash value payment to assert a claim for replacement cost with homeowner policies.
- Only state that the deductible was applied with payments where the deductible was actually applied instead of making the statement with every subsequent payment.

Forms

- Correct the wording of the PP 00 01 form to have item C appear as item B on page 23 under Part F: Our Right to Recover Payment.

RE: Market Conduct Examination
Garrison Property & Casualty Insurance Company, NAIC #21253
United Services Automobile Association, NAIC #25941
USAA Casualty Insurance Company, NAIC #25968
USAA General Indemnity Company, NAIC #18600
Examination Period: April 1, 2019 through March 31, 2020

Dear Ms. Spenser:

The Bureau of Insurance (Bureau) has reviewed the response to the Preliminary Market Conduct Report (Report) that the above-referenced Companies submitted on September 27, 2021. The Bureau's response only addresses the Companies' rebuttals or items that have changed in the Report. This response follows the format of the Report.

PART ONE – EXAMINERS' OBSERVATIONS

Automobile Cancellations Mailed Prior to the 60th Day of Coverage

- (1) After further review, the violation for TPA006 has been withdrawn from the Report. The Company provided the billing screens showing the payment made on the auto policy. The Report has been renumbered to reflect this change.

Automobile Cancellations Mailed After the 59th Day of Coverage

- (1) The violation for TPA011 remains in the Report. The Company indicated that the intent was to non-renew the policy. However, the Company issued a cancellation notice with an effective date of October 7, 2019, which did not coincide with the October 25, 2019 expiration date of the policy. Therefore, this was not a non-renewal, but a mid-term cancellation after the 59th day. The statute limits cancellations during this period to a few specific reasons, and the reason stated by the Company did not fall within those limitations.

Automobile Cancellations Requested by the Insured

- (2) After further review, the violation for TPA062 has been withdrawn from the Report. The Company provided system screens and documentation showing the insured requested cancellation of the policy.

Homeowner Notice Mailed Prior to the 90th Day of Coverage

- (3) After further review, the violation for THO001 has been withdrawn from the Report. The Company provided a billing screen showing the adjustment to the policy premium. The Report has been renumbered to reflect this change.

Homeowner Notice Mailed After the 89th Day of Coverage

- (2c) The violation for THO013 remains in the Report. For cancellations after the 89th day the Bureau looks for two inspection reports to support the insurer's position that the property deteriorated. Without such documentation, insurers cannot substantiate that a physical change in the property occurred to make it become uninsurable. Please refer to the Common Problems Identified by the Property and Casualty Market Conduct and Consumer Services Sections document on the Bureau's website.

Homeowner Rejected Applications

- (1) After further review, the violation for THO115 has been withdrawn from the Report. The Company provided the requested quote screens. The Report has been renumbered to reflect this change.

Private Passenger Automobile Claims

- (1) The violation for CPA057 remains in the Report. The Company stated the initial estimate was incorrectly labeled as a supplement due to rescheduling the initial appraisal from May 6 to May 15, 2019. However, the May 15 estimate appears to be a supplement as it reflects a reduction of \$108.45 from the initial \$4,508.14 estimate. Therefore, an initial estimate appears to have been created by the Company for \$4,508.14, but not maintained in the claim file.

- (3) The violation for CPA045 remains in the Report. The Company provided a 45-day letter dated May 22, 2019, which requested medical bills and records to complete the investigation. The Company received a bill on October 10, 2019. The Company had not finished its investigation or paid the bill as of the Bureau's review on June 29, 2020. The regulation requires insurers to send the insured a letter every 45 days until the investigation is complete or payment has been made. The claim file only indicated one 45-day letter was sent to the insured over a span of 404 days.
- (9a) After further review, the violation for CPA078 has been withdrawn from the Report.
- (12a) The violation for CPA020 remains in the Report. The Company provided the requested documentation and the underpayment has been amended to \$279.

Motorcycle Claims

- (1) After further review, the violation for CMC010 has been withdrawn from the Report. The Company provided the necessary documentation.
The Company incorrectly addressed a violation for CPA057 under this item. The Bureau's response is provided in item (1) under the Private Passenger Automobile Claims section above.

Homeowners Claims

- (8) After further review, the violations for CHO025, CHO031, CHO035, CHO045, CHO067, CHO075 and CHO090 have been withdrawn from the Report. The Company provided the estimate to the insured via a portal. Such violations would be avoided if the claim notes stated the estimate was provided to the property owner in the Portal or the claims system specified which documents were uploaded to the Portal for the insured's review.
- (11) The Company incorrectly addressed a violation for CPA078 under this item. The Bureau's response is provided in item (9a) under the Private Passenger Automobile Claims section above.

PART TWO – CORRECTIVE ACTION PLAN

Termination Review

- (4) This item has been removed as a result of violations withdrawn in Part One of the Report. The Report has been renumbered to reflect this change.
- (6) Provide a copy of the revised cancellation notice that includes the right to review language.

- (7) Provide the estimated completion date for mailing cancellation notices to the proper address.
- (8) Provide a copy of the revised non-renewal notice that includes the right to review language.
- (9) Provide a copy of the revised cancellation notice that includes the availability of insurance through the VPIA.

Claims Review

- (3) The underpayment for CPA018 has been corrected to \$5.
The Company only paid \$1.02 for CMC010 instead of \$10.60. The Company should pay the remainder of the requested restitution and update the restitution spreadsheet or justify the amount of the payment made.
- (7) This item has been removed as a result of violations withdrawn in Part One of the Report. The Report has been renumbered to reflect this change
- (8) Provide the estimated completed date to update procedures regarding misrepresentation of policy coverages and facts.
- (9) This item has been removed as a result of violations withdrawn in Part One of the Report. The Report has been renumbered to reflect this change.

We have made the changes noted above to the Report. Enclosed with this letter is a revised version of the Report, technical reports and Restitution spreadsheet and any review sheets withdrawn, added or altered as a result of this review.

Once we have received and reviewed the Companies' responses to these items, we will be in a position to make a settlement offer. We look forward to your response by November 26, 2021.

Dear Ms. Baytop,

We have uploaded our response and documents to the draft report letter received on November 10, 2021.

PART TWO – CORRECTIVE ACTION PLAN information requested:

Termination Review

(6) The revised cancellation notice with the 'right to review' language is labeled – **CX MIDTERM SAMPLE – OWNER OCCUPIED**

(7) The estimated completion date for mailing cancellation notices to the proper address.
A flag is being developed, which will populate for property cancellation notices to advise the insurance professional/ underwriter to send the notice to the policy address and is scheduled to be released in December 2021.

(8) The revised non-renewal notice that includes the 'right to review' language is labeled – **NONRENEWAL SAMPLE – OWNER OCCUPIED**

(9) The revised cancellation notice that includes the availability of the insurance through the VPIA is labeled – **CX MIDTERM SAMPLE – OWNER OCCUPIED**

Claims Review

(3) The restitution spreadsheet has been updated to reflect the correct amount(s) paid and shown as requested.

(9) We have provided coaching to individual adjusters regarding each violation. We are making updates to specific procedures (mold coverage handling and request for depreciation), as well as creating a new letter that does not prefill 180 days extension of coverage for all property claims. These updates will be provided to all adjusters via mass communication and incorporated in all team meetings by March 2022. We also implemented a coverage explanation letter regarding our auto claims first party coverages in October 2020 to be able to fully advise our insureds of the potential coverages that can apply to their policies.

We would like to thank you and your exam team for the revisions made to the draft report and hope that these additional items will help bring your examination closer to closure.

SETTLEMENT ORDER

Based on a market conduct inquiry conducted by the Bureau of Insurance ("Bureau"), it is alleged that United Services Automobile Association, USAA Casualty Insurance Company, USAA General Indemnity Insurance Company, and Garrison Property and Casualty Insurance Company (collectively, the "Defendants"), duly licensed by the State Corporation Commission ("Commission") to transact the business of insurance in the Commonwealth of Virginia ("Virginia"), in certain instances violated § 38.2-510 A 1 of the Code of Virginia ("Code") by failing to represent facts or insurance policy provisions relating to coverages at issue with such frequency as to indicate a general business practice; § 38.2-1318 C of the Code by failing to provide convenient access to files, documents, and records to Commission personnel during an examination; § 38.2-1809 B of the Code by failing to retain records relative to insurance transactions for three previous calendar years as required by statute; §§ 38.2-2208 A and 38.2-2113 C of the Code by failing to retain a valid proof of mailing of the companies' notice to the insured of the cancellation of a policy; §§ 38.2-2114 A, 38.2-2114 C, 38.2-2212 D, and 38.2-2212 E of the Code by failing to accurately terminate insurance policies; § 38.2-2201 D of the

Code by failing to obtain a valid Assignment of Benefits from the insured authorizing direct payment of medical expense benefits to the health care provider; § 38.2-2220 of the Code by failing to use the precise language of standard auto forms filed and adopted by the Commission; and § 38.2-2223 of the Code by including additional provisions or more favorable coverage in standard forms without obtaining approval from the Commission prior to use; as well as 14 VAC 5-400-70 D of the Virginia Administrative Code by failing to offer a fair and reasonable amount as shown by the investigation of the claim.

The Commission is authorized by §§ 38.2-218, 38.2-219 and 38.2-1040 of the Code to impose certain monetary penalties, issue cease and desist orders, and suspend or revoke a defendant's license upon a finding by the Commission, after notice and opportunity to be heard, that a defendant has committed the aforesaid alleged violations.

The Defendants have been advised of the right to a hearing in this matter whereupon the Defendants, without admitting or denying any violation of Virginia law, have made an offer of settlement to the Commission wherein the Defendants have agreed to comply with the corrective action plan outlined in the companies' correspondence dated September 27, 2021, and November 24, 2021; have confirmed that restitution was made to 40 consumers in the amount of Thirty Seven Thousand Three Hundred Fifty Eight Dollars and Fifty-five Cents (\$37,358.55); have tendered to the Treasurer of Virginia the sum of Thirty Four Thousand Dollars (\$34,000); and have waived the right to a hearing.

The Bureau has recommended that the Commission accept the offer of settlement of the Defendants pursuant to the authority granted the Commission in § 12.1-15 of the Code.

NOW THE COMMISSION, having considered the record herein, the offer of settlement of the Defendants, and the recommendation of the Bureau, is of the opinion that the Defendants' offer should be accepted.

Accordingly, IT IS ORDERED THAT:

(1) The offer of the Defendants in settlement of the matter set forth herein is hereby accepted.

(2) This case is dismissed, and the papers herein shall be placed in the file for ended causes.

A COPY hereof shall be sent by the Clerk of the Commission by electronic mail to: Ms. Stacey Spenser, Senior Compliance Risk Manager, USAA Group of Insurance Companies, at stacey.spenser@usaa.com, One Norterra Drive, Phoenix, Arizona 85085; and a copy shall be delivered to the Commission's Office of General Counsel and the Bureau of Insurance in care of Deputy Commissioner Rebecca Nichols.
